

**List of Volga German colonists who received passports for travel abroad to America
in the years 1886, 1890-1892, 1900, 1906-1909, 1912**

The List is made on the basis of documents on delivery of passports for travel abroad which were kept in the State archive of the Saratov Region (ГАСО), in Fond Number 1, Office of the Saratov Governor. The package of documents for delivery of passports for travel abroad often included extracts from lists with instructions of structure of families leaving (and that who remained) and exact dates of birth. Studying of these documents can help investigating and connect family tree family tree branches. Igor Pleva
